

When **creativity** and **innovations**  
handle **ideas** brilliantly...

## *about us...*

Achieving prominence in any sector is not an easy process. It requires rich experience, dedication and market insights to reach supremacy.

Sujin is a story of such journey, that has eventually culminated in a brand that is now a synonym of success.

Today, 'Sujin' is a brand to reckon with when it comes to architectural hardware, especially in the field of various types of handles.

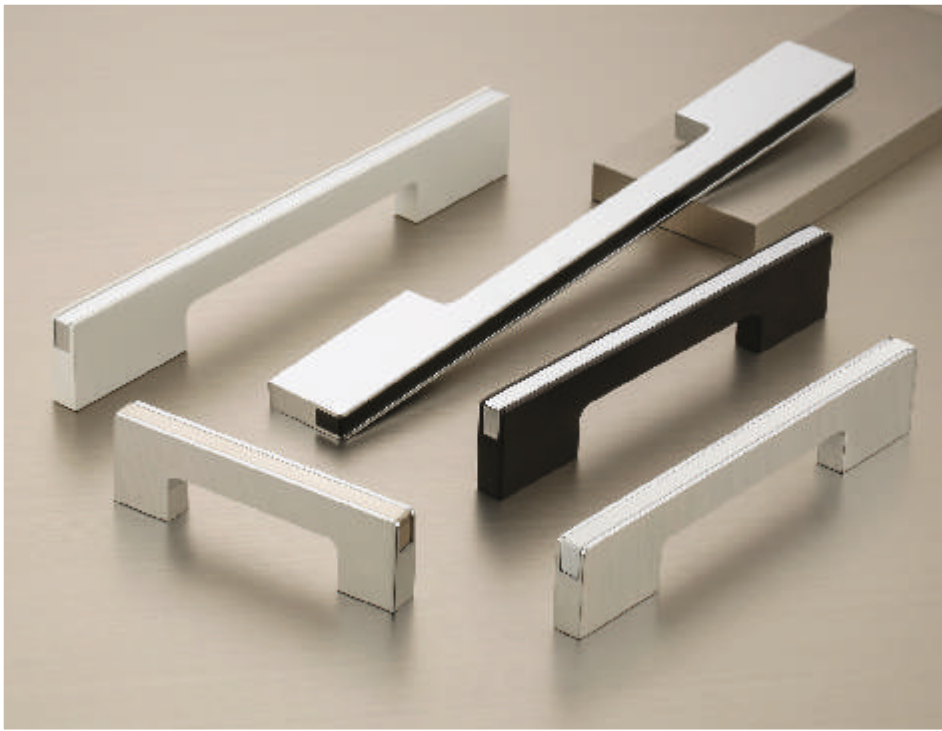

With its all-in-house production facility, backed with stringent quality control, the company churns out diverse range of product collections in varied materials, finishes and designs, that suit equally myriad needs of the customers. Today the company serves a high-value clientele, and in the process, earns a name for itself as a dependable quality product provider.

### **Vision**

Be a market leader, with the finest quality and highly dependable product range, offering at the most competitive price.

### **Quality Policy**

We firmly believe that market can be ruled only by winning hearts. And the surest way of achieving this is offering products with unflinching quality. This is the way we develop strong relations with our clients. To ensure the best quality for our products, we follow strict quality analysis protocols.
